

We are One Bronson Medical Group

We Are:

Leaders in achieving Bronson's vision of an Exceptional Healthcare Experience for Every Patient, Every Time

A multidisciplinary group practice with a culture that treats a patient of one practice as a patient of all BMG providers

We Provide:

Consistently high quality outcomes by bringing together our collective clinical wisdom with the best evidence

Patient and family centered care that is timely, convenient and compassionate

We Work Together To:

Coordinate efficient and effective care, while being mindful of the value and cost to our patients

Support each other and Bronson's mission to advance the health of our communities

We Aspire To:

One Relationship

- Patients are the shared responsibility of the entire group, while preserving the value of individual patient-provider relationships
- Care is coordinated across the continuum based upon each patient's health goals
- A common EHR and Bronson MyChart is optimized to enhance communication

One Practice

- Participate in Clinical Practice Councils (CPCs) to establish common standards of care
- Collaborate with Bronson and other caregivers in the best interest of our patients
- Support healthy professional relationships with our colleagues

One Experience

- Consistency across all care sites
- Seamless and coordinated care transitions
- Easy and innovative access, when and where our patients need us
- Minimal duplicative processes and forms for patients
